Top NSLDS SSCR Errors

- **Error Code 11:** The Record reported to the Clearinghouse does not match data in the NSLDS database. Confirm the correct SSN, First and Last name, and DOB for this student.
- **Error Code 22:** Enrollment Status Code: NSLDS will not accept an Enrollment Status of 'Z' if a previously reported student enrollment record already exists for student at your school. This error typically occurs when NSLDS has data that predates your school's participation with the Clearinghouse.
 - If the student associated with this error code has an invalid SSN beginning with 000 or a 9, these errors will need to be resolved directly with NSLDS to blend the information for the pseudo-SSN and the student's real SSN. You may contact NSLDS at 800.999.8219.

Top NSLDS SSCR Errors

- **Error Code 38:** The certification date is too old. For W or G records with status effective date of 2004 or later, these typically self-resolve after one reporting cycle. For records prior to 2004, provide the separation status and separation date.
- **Error Code 78:** The Program Length is too LONG for the Credential level reported. Review and correct the Program Length using the six digit format and if applicable also update the Program Length Measurement and the Weeks in Title IV Academic Year fields.

Common errors: **253 or 290**: SSN conflicts: These occur as NSC has received enrollment information for that SSN previously for a different student.

- **How to Correct Error 253/290?**

- Verify the SSN being reported is correct.
- Submit an “Add New Student” online update via the Student Look-Up tab and query by valid SSN
 - If the SSN reported to NSC was incorrect, update SIS where NSC extract is pulled to reflect the valid SSN
- NSC Analyst will review the update.
- **Only if necessary**, the analyst will contact the school asking for proof of SSN

- **Acceptable Proof of SSN:**

• A Social Security Card or other Social Security Administration documentation validating the SSN	• A driver’s license, permit or ID card containing the SSN (must be government issued)
• A copy of a state or federal tax document	• Tribal ID card containing the SSN
• An employment record containing the SSN	• Medical Benefits card containing the SSN
• A military document containing the SSN (such as a military ID card)	• Any acceptable document submitted as proof of legal presence/identity or residence address containing the SSN
• Approved FAFSA form
