

ANNOUNCEMENT

TO: GeorgiaFIRST PeopleSoft Financials Users

POSTED: July 22, 2026

SUBJECT: System Maintenance Completed for FPLAY Database

GeorgiaFIRST completed the FPLAY maintenance earlier than expected, and the environment is now available for use.

The FPLAY environment is used by institutions for GeorgiaFIRST Marketplace training, for prototyping and testing transactions and queries, and for Banner integration testing.

ACTION NEEDED: ITS recommends all users clear their Temporary Internet Files (browser cache) before logging back into the system. It is highly recommended that all users clear their browser cache often, especially after an update is applied. For more information on how to clear browser cache, click [here](#).

MORE INFORMATION AND SUPPORT: For business impact issues, please contact the GeorgiaFIRST Financials Support team at support@usg.edu.
