

New Advanced Standing Hours Code: GaDOE Career, Technical & Agricultural (CTAE) for Fall 2025 End-of-Term Collection

Beginning with the Fall 2025 End-of-Term (20262) Academic Data Collection, a new data element for Advanced Standing Hours – CTAE will be available to institutions. The USG must be able to generate reports related to students receiving college credit through the completion of an approved GaDOE Career, Technical & Agricultural (CTAE) pathway. This new Advanced Standing data element will allow the system office and institutions to identify credit earned through the successful completion of an approved high school CTAE pathway, such as the GaDOE Teaching as a Profession pathway.

New Data Element: Advanced Standing Hours – CTAE

Valid Value Code: 999941

Valid Value Description: CTAE Pathway Completion Hours

These changes were approved at the July 16, 2025, Academic Data Governance Committee meeting.

ITS will send out official communication regarding these changes and associated validations closer to the Fall 2025 EOT collection. Institutions are also encouraged to sign up for beta testing with ITS prior to the opening of the Fall 2025 EOT collection.

Please forward this communication to any personnel on your campus responsible for transfer evaluation processes, as well as those responsible for any campus reporting on transfer coursework or prior learning assessment. As always, we appreciate all you do for the Academic Data Collection. Please contact us at support@usg.edu if you have any questions.
