

# University System of Georgia Dual Enrollment Admission Requirements Fall 2027-Summer 2028

## How to Use This Document

Thank you for your interest in attending the University System of Georgia (USG) as a dual enrollment student! With [25 colleges and universities](#), the USG offers many opportunities for high school students to enrich their high school experience and get a jump start on college.

This resource is designed to help future dual enrollment students identify the USG colleges and universities that best fit their location and academic credentials. You are encouraged to review the general information provided on pages 1-4 and then the requirements listed by institution. Students are encouraged to connect directly with the colleges and universities they are interested in attending for more detailed information about their dual enrollment admission requirements, application procedures, deadlines, opportunities to visit campus, and available course offerings.

This document provides the requirements for students planning to apply Fall 2027, Spring 2028, or Summer 2028. Students planning to apply for Spring or Summer 2027 should review the [Spring and Summer 2027 Dual Enrollment Admission Requirements](#) document.

## USG Dual Enrollment Admission Requirements at a Glance

- High school transcript or curriculum packet showing you are on track for high school graduation and meeting the 17 units of the USG's Required High School Curriculum (RHSC).
- A minimum high school GPA is required and varies by institution.
- Some colleges require standardized test scores while others do not.
- U.S. lawful presence is required for admission to Georgia College & State University, the Georgia Institute of Technology, and the University of Georgia.

## Planning Your Dual Enrollment Journey

**1. Explore the USG colleges & universities:** Use this document to identify those that match your location, GPA, grade level, and test scores, if required. Reach out to them if you have any questions or need additional information.

**2. Meet with your counselor:** Discuss your interest in dual enrollment and confirm it fits with your high school plan.

**3. Apply for admission:** Submit the college application, your high school transcript, test scores if required, and any additional documents that may be required by the college or university.

**4. Complete the funding application:** Confirm your funding eligibility and review the [funding application procedures on GAfutures](#). Submit your funding application and ensure your parent/guardian completes their portion. If you are ineligible for funding, a [Self-Pay Course Approval Form](#) must be submitted.

**5. Check your email:** Monitor your email regularly for updates, next steps, and requests for additional information. Missing an email could delay processing your application.

**6. Plan your courses:** Talk to your high school counselor about your high school courses that can be satisfied through dual enrollment. Review the [Dual Enrollment Course Directory](#) to find the corresponding college courses for your college or university.

**7. Register and get ready:** Attend any required orientation sessions and/or meet with your college advisor to finalize your course selections. Register for your approved classes.

**8. Stay in touch:** Stay connected with your high school counselor and college advisor. Ask questions and take advantage of available resources to be successful. If any last-minute schedule changes are needed, be sure your high school counselor approves.

## High School Accreditation

The USG requires enrollment in a public school regulated by a school system and state department of education or a high school or home school program accredited by or holding provisional accreditation from one of the following accrediting bodies:

- A regional accrediting association:
  - Cognia
  - Middle States Association Commissions on Elementary & Secondary Schools
  - New England Association of Schools & Colleges
  - Accrediting Commission for Schools - Western Association of Schools & Colleges
- Association of Christian Schools International
- Georgia Accrediting Commission
- Georgia Association of Christian Schools
- Georgia Independent School Association
- Georgia Private School Accrediting Council
- Southern Association of Independent Schools

If you are unsure whether your school is accredited, contact your school counselor or the college or university you would like to attend.

Applicants who attend a homeschool or high school not accredited by one of the above must document their high school curriculum through the submission of a curriculum packet. The curriculum packet must include the following for each Required High School Curriculum (RHSC) unit completed so far (see below for information about the RHSC):

- Course title
- Course description
- Learning materials utilized (textbooks, software, reading lists, etc.)
- Year course was completed
- Course credits
- Grade earned
- The school, institution, or program through which the course was taken (homeschool program, private/public school, online program, postsecondary institution, etc.).

Institutions may require additional documentation and/or test scores to further assess subject matter competency and preparation for college-level coursework. Students attending a non-accredited homeschool or high school are encouraged to contact their institution of interest to learn more.

## Required High School Curriculum

Dual enrollment applicants must present a high school transcript or curriculum packet showing they are on track to graduate from high school and complete the 17 units of the USG's Required High School Curriculum (RHSC). The RHSC consists of the following:

| Subject                                                  | Units |
|----------------------------------------------------------|-------|
| English                                                  | 4     |
| Math                                                     | 4     |
| Science                                                  | 4     |
| Social Science                                           | 3     |
| Foreign Language/American Sign Language/Computer Science | 2     |

More information about the RHSC courses can be found on the USG's [Staying on Course](#) document.

## High School Grade Point Average

A minimum High School Grade Point Average is required and is calculated using the RHSC units completed at the time of admission. This GPA may differ slightly from the GPA shown on your high school transcript. The GPA required by each USG college and university is provided in this document.

## Standardized Test Score Requirements

The USG colleges and universities may choose to require standardized test scores for dual enrollment admission. SAT, PSAT, ACT, PreACT, and Accuplacer scores may be accepted. Beginning with Fall 2027 admission, Classic Learning Test (CLT) scores may also be accepted, with the exception of the Georgia Institute of Technology and the University of Georgia.

Students planning to participate in dual enrollment at a USG college or university while enrolled in the tenth grade should be aware that the test score requirements for Dual Enrollment Funding eligibility may be higher than those required for admission. Only SAT and ACT scores may be used to qualify for Dual Enrollment Funding. CLT scores will not be accepted for Dual Enrollment funding for 10<sup>th</sup> graders. Student wishing to receive funding while enrolled in the 10<sup>th</sup> grade must ensure their scores are submitted to the Georgia Student Finance Commission (GSFC). Additional information about the funding requirements can be found on the [Dual Enrollment page on GAfutures](#).

## Parent/Guardian Approval

Parent/guardian approval is required. The approval is obtained through the Dual Enrollment Program funding application for students eligible for funding. The student and parent/guardian portion of the funding application must be submitted prior to admission, and the high school portion is required for registration. Additional information on the Dual Enrollment Funding Program and funding application administered by the Georgia Student Finance Commission can be found on the [Dual Enrollment page on GAfutures](#).

Students planning to enroll in course hours that are ineligible for funding must submit a [Self-Pay Course Approval Form](#) which includes a section for parent/guardian approval. Students enrolling in a mix of funded and unfunded hours must submit both a funding application and a Self-Pay Course Approval Form.

## Course Prerequisites and Placement

Students must work closely with their high school counselor and college advisor to ensure enrollment in appropriate courses. Course enrollment is subject to availability and course prerequisites and corequisites must be met. Prerequisite and corequisite information can be viewed in the [Dual Enrollment Course Directory](#).

The following placement requirements apply to students interested in taking English or math through dual enrollment. Institutions may have additional or higher requirements. English and math courses successfully completed at another college or university may also satisfy placement requirements. CLT scores are not accepted at the Georgia Institute of Technology or the University of Georgia.

Students wishing to take **ENGL 1101** must meet one of the following:

| High School Courses Completion & GPA                                                     | SAT/PSAT Scores                      | ACT/PreACT Scores        | Accuplacer Scores                           | CLT Scores                                     |
|------------------------------------------------------------------------------------------|--------------------------------------|--------------------------|---------------------------------------------|------------------------------------------------|
| 3.0 HS GPA with at least 2 RHSC English units successfully completed prior to enrollment | 480 Evidence-based Reading & Writing | 17 English or 17 Reading | 237 Reading Comprehension and 4 WritePlacer | 36 Verbal Reasoning + Grammar/Writing sections |

Students wishing to take **MATH 1001, 1101, 1401, or STAT 1401** must meet one of the following and must first successfully complete high school Algebra II/Advanced Algebra or the equivalent:

| High School Courses Completion & GPA                                                                            | SAT/PSAT Scores | ACT/PreACT Scores | Accuplacer Scores                                 | CLT Scores                |
|-----------------------------------------------------------------------------------------------------------------|-----------------|-------------------|---------------------------------------------------|---------------------------|
| 3.0 HS GPA with Algebra II, Advanced Algebra or an equivalent course successfully completed prior to enrollment | 440 Math        | 17 Math           | 258 Quantitative Reasoning, Algebra, & Statistics | 13 Quantitative Reasoning |

Students wishing to take **MATH 1111** must meet one of the following and must first successfully complete high school Algebra II/Advanced Algebra or the equivalent:

| High School Courses Completion & GPA                                                                             | SAT/PSAT Scores | ACT/PreACT Scores | Accuplacer Scores                                 | CLT Scores                |
|------------------------------------------------------------------------------------------------------------------|-----------------|-------------------|---------------------------------------------------|---------------------------|
| 3.0 HS GPA with Algebra II, Advanced Algebra or an equivalent course successfully completed prior to enrollment. | 510 Math        | 20 Math           | 266 Quantitative Reasoning, Algebra, & Statistics | 18 Quantitative Reasoning |

Students may find the following resources helpful when planning their dual enrollment course selections:

- [Mathematics Placement Processes & Recommendations for Dual Enrollment Students](#)
- [Science Course Recommendations for Dual Enrollment Students](#)
- [Overview of the USG IMPACTS Core Curriculum](#)

Dual Enrollment students intending to transfer within or to the USG after high school graduation are encouraged to explore how their credits may transfer using the [College Credit Transfer Tool](#) (a GAfutures account is required).

## Dual Enrollment Program Funding

Students intending to receive funding through the Dual Enrollment Program must submit a funding application through their GAfutures account. Students are encouraged to review the [Dual Enrollment GAfutures page](#) to learn about the funding requirements and limits. Students whose participation will be partially funded or unfunded must submit a [Self-Pay Course Approval Form](#). **Important:** Students should also be aware that dual enrollment admission does not guarantee eligibility for funding and students eligible for funding may have some expenses not covered by the funding program.

Only SAT and ACT scores may be used to qualify for Dual Enrollment Funding. CLT scores will not be accepted for Dual Enrollment funding for 10<sup>th</sup> graders.

## Enrollment After High School

Thinking ahead to continuing your education after high school? We encourage you to explore the [Georgia Degrees Pay](#) website for a variety of online tools that put information about the USG degrees & majors, cost & affordability, future earnings, and more at your fingertips. You can also learn more about freshman admission and view requirements by institution on the [Freshman Admission Requirements](#) document.

## Additional Information

The information provided in this resource should be used as a planning and advising guide and should not be interpreted as a guarantee of admission. Admission eligibility is determined after a complete review of an applicant's admission file by their college or university. Information about each institution's dual enrollment program, including important deadlines, can be found on the institution's website.

# Admission Requirements by Institution

This section provides the minimum criteria for admission to each USG college and university. To learn more about a specific college or university, we encourage you to visit their admission website.

|-------------------|-----------------------------------------------------------------------------------|
| <b>SAT/PSAT</b>   | <b>580</b> Evidence-based Reading & Writing and <b>560</b> Math                   |
| <b>ACT/PreACT</b> | <b>23</b> English or Reading and <b>23</b> Math                                   |
| <b>CLT</b>        | <b>51</b> Verbal Reasoning + Grammar/Writing and <b>21</b> Quantitative Reasoning |

**Additional Information:** A minimum Freshman Index (FI) of 2600 is required. The FI is calculated using the following:

#### **SAT FI Formula:**

SAT FI= (500x HSGPA) + 1.06 x (SAT Evidence-Based Reading and Writing + SAT Math) – 74

#### **FI Formula:**

ACT FI= (500 x HSGPA) + (ACT composite x 42) + 88

For students submitting CLT scores, the scores are first converted to SAT-equivalent scores using the

CLT-SAT concordance tables in the CLT's [The Concordance Relationship Between the Classic Learning Aptitude Test \(CLT\) and the Scholastic Aptitude Test \(SAT\)](#) report. The SAT FI formula is then used to calculate the FI.

**Additional Information:** Please note the following:

- UGA receives a larger number of applications from academically qualified applicants than the institution has the capacity to admit and enroll. The above GPA and test scores reflect minimums and, as a whole, averages for admitted students are higher. Admission review considers most strongly the course selection and grades from high school.
- Participation is limited to residents of the following counties surrounding the greater Athens area: Banks, Barrow, Clarke, Elbert, Franklin, Greene, Hart, Jackson, Madison, Morgan, Oconee, Oglethorpe, Stephens, and Walton.
- In accordance with [Board of Regents Policy 04.01.06](#), UGA requires applicants to document their U.S. lawful presence for admission.
